

AGA GRASSFED RUMINANT AND PASTURED PORK FARM INSPECTOR LIST

Welcome to the American Grassfed Association and thank you for starting the process to become an AGA Certified Producer. We are excited to have you join us.

Below you will find a list of approved inspectors that may conduct your on-farm inspection(s). Please note that this list is not exclusive nor is it mandatory to use one of these individuals or organizations. AGA does not favor one over another. The decision to choose is yours.

Note: Inspectors cannot inspect farms or ranches they own, have a financial relationship with/in. (Investor) for a farm owned by a relative. On-Farm inspections can be completed by the following:

1. USDA Extension Agents (Agents can conduct the audits at their discretion at the request of the rancher/farmer)
2. DVM with an emphasis in ruminant/livestock practice
3. Approved third party certification agencies

If you chose to use someone not on the AGA Farm inspector list, please have them contact AGA's Standards committee – Standards@americangrassfed.org to receive all important information, inspection documents, and training.
