

AGA FARM INSPECTOR LIST

Welcome to the American Grassfed Association and thank you for starting the process to become an AGA Certified Producer. We are excited to have you join us.

Below you will find a list of approved inspectors that may conduct your on-farm inspection(s). Please note that this list is not exclusive nor is it mandatory to use one of these individuals or organizations. AGA does not favor one over another. The decision to choose is yours – see additional requirements for dairy.

On-Farm inspections can be completed by the following:

1. **USDA Extension Agents** (Agents can conduct the audits at their discretion at the request of the rancher/farmer)
2. **DVM with an emphasis in ruminant or dairy practice**
 - a. Non-preapproved Dairy inspectors must take an online course PRIOR to conducting the on farm inspection and all course completion certificates must be submitted to AGA.
 - b. Please contact IOIA: www.ioia.net (406)-436-2031
3. **Approved third party certification agencies**

If you chose to use someone not on the AGA Farm inspector list, please have them contact AGA's Standards committee – Standards@americangrassfed.org to receive all important information, inspection documents, and training (if applicable).

*Note: Inspectors cannot inspect farms or ranches they own, have any financial relationship with, or a farm owned by a relative or personal friend. In addition, any and all financial arrangements are made between you and the inspectors. AGA shall have no financial benefit.

DAIRY INSPECTORS

Rachel Hendricks

Missouri (will travel nationally if travel accommodations are paid)
Contract Auditor for NSF, SAI Global and Perry Johnson

(p) 406-285-3923
Info@chutesidevet.com
Needs Min 1 week notice; Not available Monday or Thursday

Please be mindful of your certification expiration and re-inspection dates. In addition, we urge you to review our standards, complete the “pre-inspection Checklist” and that you have on hand the “tear tags” off any mineral or supplement you are feeding PRIOR to scheduling your on-farm inspection.
