

AGA GRASSFED DAIRY FARM INSPECTOR LIST

Welcome to the American Grassfed Association and thank you for starting the process to become an AGA Certified Producer. We are excited to have you join us.

Below you will find a list of approved inspectors that may conduct your on-farm inspection(s).
On-Farm inspections MUST be completed by an individual on this list.

If a non-preapproved inspector wishes to apply to conduct your inspection: Nonpreapproved Dairy inspectors must take an online course and all course completion certificates must be submitted to the AGA Standards team PRIOR to conducting the on farm inspection (email to standards@americangrassfed.org).

Contact IOIA directly for course information: www.ioia.net (406)-436-2031

***Note: Inspectors cannot inspect farms or ranches they own, have any financial relationship with, or a farm owned by a relative or personal friend. In addition, any and all financial arrangements are made between you and the inspectors. AGA shall have no financial benefit. "
